# PROGRAM REPORT

## INTRODUCTION AND IMPORTANCE OF ACADEMIC PROJECTS

17.06.2021

The Department of Computer Science and Computer Application recently organized an insightful webinar in collaboration with GrapesGenix Technical Solutions Pvt Ltd, located in Thrissur on 17.06.2021 at 11:30 AM. 16 students were participated in the program. The webinar focused on the crucial topic of "Introduction and Importance of Academic Projects." The session was skillfully conducted by Mr. Mashood Mohammed, a seasoned senior developer at GrapesGenix Technical Solutions. Mr. Mohammed's expertise shone through as he provided attendees with a fundamental understanding of the project development life cycle and introduced them to a variety of programming languages. This exposure served to acquaint students with the diverse landscape of programming languages and the various stages involved in project development, empowering them to make informed choices for innovative and career-oriented projects. Mr. Mohammed's engaging presentation style, featuring informative slides, transformed the session into an interactive learning experience that left a lasting impact on all participants.

The webinar's content covered a wide array of essential topics, making it a valuable resource for students. Mr. Mohammed adeptly utilized slides to convey succinct descriptions of critical concepts, ensuring that participants could easily grasp the material. It not only imparts knowledge but also empowers students to make informed decisions and embark on innovative, career-focused projects that hold the potential to shape their future in the field of computer science and application development. The collaborative effort between the Department of Computer Science and Computer Application and GrapesGenix Technical Solutions Pvt Ltd resulted in a highly beneficial webinar that illuminated the significance of academic projects. Through Mr. Mashood Mohammed's expertise and interactive presentation, students gained valuable insights into project development, programming languages, and the stages of project implementation. This event not only enriches their academic experience but also equips them with the tools to embark on meaningful, career-oriented projects that can pave the way for their success in the field.
