

PROGRAM REPORT

WORKSHOP ON RESEARCH METHODOLOGY

01.10.2022

On October 1, 2022, the Postgraduate Department of Computer Science at Noble Women's College, Manjeri, organized a comprehensive workshop on "Research Methodology." The event, held in the college's Computer Lab at 10:00 AM, aimed to equip postgraduate students with the essential tools and techniques needed for conducting meaningful research in the dynamic field of Computer Science. The workshop featured Mr. Anoo Babu P K, the Head of the Computer Science Department at GEMS Arts and Science College, Ramapuram, as the esteemed resource person. The workshop kicked off with an engaging introduction to the foundational principles of research methodology. Mr. Anoo Babu P K shared valuable insights into the significance of research in Computer Science and provided an overview of diverse research methodologies. The participants, comprising eager postgraduate students, benefited from the resource person's wealth of experience, gaining a deeper understanding of the research process.

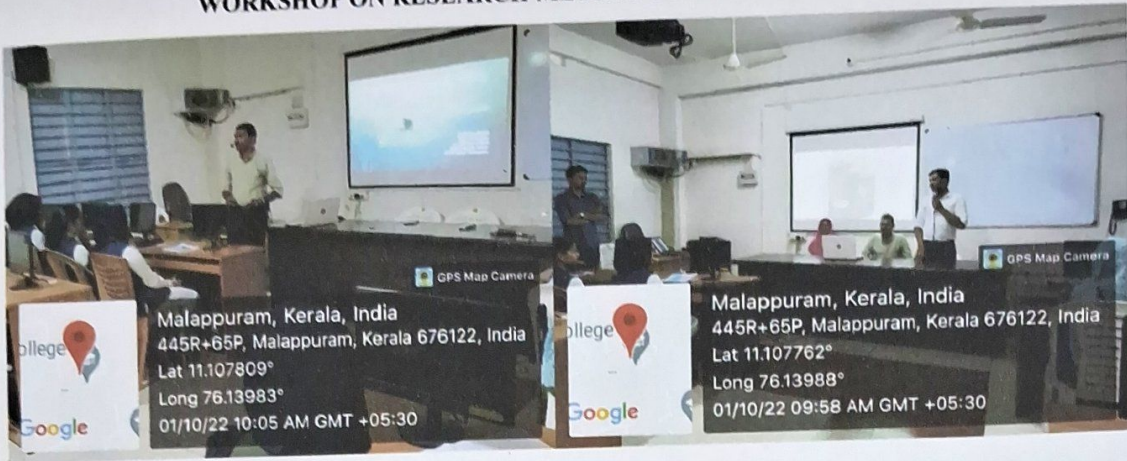

The sessions delved into specific aspects of research, including the critical components of literature review, formulation of research problems, and the selection of appropriate research designs. An integral part of the workshop was the exploration of various data collection techniques and ethical considerations in the research process. Mr. Anoo Babu P K facilitated an interactive environment, encouraging participants to actively contribute, ask questions, and share their perspectives, fostering a rich exchange of ideas. A highlight of the workshop was the hands-on practical session focused on data analysis. Participants had the opportunity to apply theoretical concepts using relevant software tools under the guidance of the resource person. This practical approach enhanced the participants' confidence in handling real-world research scenarios. The workshop concluded with a sense of enthusiasm and motivation among the students, who expressed their gratitude to Mr. Anoo Babu P K for his invaluable guidance. The event stands as a testament to Noble Women's College's commitment to providing holistic education and fostering research excellence in the field of Computer Science.
