PROGRAM REPORT
COASTAL CLEANUP - VAKKAD BEACH

17.09.2022

The GEMS NSS unit embarked on a commendable initiative by organizing a cleaning program at the picturesque Tirur Vakkad seaside. Operating under the theme of "Swachh Sagar Surakshit Sarjas," the program sought to address the environmental concerns surrounding marine pollution while upholding the ideals of the NSS. This endeavor reflects the unit's commitment to social responsibility and environmental preservation.

The NSS volunteers played a pivotal role in making the cleaning program a success. With their active participation, they demonstrated a strong sense of duty toward maintaining the cleanliness and beauty of the coastal ecosystem. By meticulously collecting plastic waste that had accumulated on the beach, the volunteers not only tackled a pressing environmental issue but also contributed to the overall aesthetics of the area, making it a more inviting and pristine space for both residents and visitors. The significance of this program was highlighted by the presence of Mr. Naufal, the Malappuram District NSS Coordinator. His involvement underscored the official recognition and support that the initiative received. The theme "Swachh Sagar Surakshit Sarjas" encapsulates the core objectives of the program, focusing not only on cleaning but also on safeguarding the marine environment. In conclusion, the GEMS NSS unit's cleaning program at Tirur Vakkad seaside exemplifies the fusion of environmental consciousness, social responsibility, and youth engagement. By choosing to address the issue of marine pollution through active participation and meaningful action, the volunteers have demonstrated their commitment to creating a cleaner and healthier environment for present and future generations. This initiative serves as a reminder of the collective impact that small, localized efforts can have in contributing to the greater cause of environmental sustainability. About 20 volunteers participated in the program.
