## PROGRAM REPORT

### BLOOD DONATION CAMP SANTHWANAM 2022

12.08.2022

As a significant component of the 75th independence anniversary celebrations, the GEMS NSS unit orchestrated a remarkable event known as the Santhwanam Blood Donation Camp. The primary objective behind this endeavor was to promote the noble act of donating blood, which symbolically aligns with the spirit of maintaining and upholding the independence of the nation. About 80 participants participated in the camp.

This initiative not only exemplifies the unit's commitment to serving the community but also highlights the fusion of patriotism and humanitarianism. The Santhwanam Blood Donation Camp saw an enthusiastic turnout of participants, comprising individuals from diverse backgrounds including teachers and students. The inclusivity of the event underlines the collective responsibility and shared sense of purpose that bind the community together. By uniting people from various walks of life, the camp effectively showcased the universal nature of the cause and how it transcends individual differences. Under the esteemed patronage of the Perinthalmanna Government Hospital Blood Bank, the main program of the Santhwanam Blood Donation Camp was executed with utmost professionalism and dedication.

This partnership not only lent credibility to the event but also ensured that the collected blood would be utilized for the greater good of the community. The collaboration with a respected medical institution further underlined the organizers' commitment to conducting the camp in a safe and responsible manner. The success of the Santhwanam Blood Donation Camp was evident in the impressive outcome it achieved. A total of 66 bags of blood were collected during the program, highlighting the collective impact of the participants' contributions.
