PROGRAM REPORT

WORKSHOP ON ANDROID PROGRAMMING

22.03.2022

On March 22, 2022, the Department of Computer Science at Priyadarshini Arts and Science College, Melmuri, organized an insightful workshop on "Android Programming." The seminar hall buzzed with anticipation as students and faculty gathered at 10:00 am, eager to delve into the world of mobile application development. The workshop was conducted by the esteemed resource person, Mr. Anoos Babu P K, Head of the Computer Science Department at GEMS Arts and Science College, Ramapuram. Mr. Anoos Babu P K, with his extensive experience and expertise in Android programming, guided participants through an enriching session. The workshop commenced with an overview of Android development, highlighting its relevance in the contemporary tech landscape. The resource person provided a comprehensive understanding of the Android platform, its architecture, and the basics of app development. The workshop delved into practical aspects, including hands-on sessions where participants were introduced to the intricacies of coding for Android applications. Mr. Anoos Babu P K demonstrated the use of popular development tools and shared best practices for creating efficient and user-friendly Android apps. The interactive nature of the workshop allowed participants to seek clarification on specific coding challenges and gain practical insights from the resource person.

The seminar concluded with a Q&A session, where participants engaged in discussions about the future trends in Android development and potential career paths in the field. The workshop not only provided valuable technical skills but also inspired a sense of enthusiasm for mobile app development among the students. Priyadarshini Arts and Science College's commitment to staying at the forefront of technological education was evident in the success of this Android Programming workshop, leaving participants with a newfound appreciation for the dynamic world of mobile application development.
