PROGRAM REPORT
PATHIRAMANNA SCHOOL CLEANING
31.10.2021

GEMS NSS volunteers undertook a meaningful Clean India campaign. The endeavor of cleaning Pathiramanna LP School and its surroundings as part of the program was conducted on 31 October 2021. 30 students participated in the activity. The school had remained closed for a challenging one and a half years due to the COVID-19 pandemic, and the volunteers recognized the importance of creating a safe and hygienic environment for the eventual reopening. The impact of the pandemic has left educational institutions like Pathiramanna LP School shuttered for an extended period

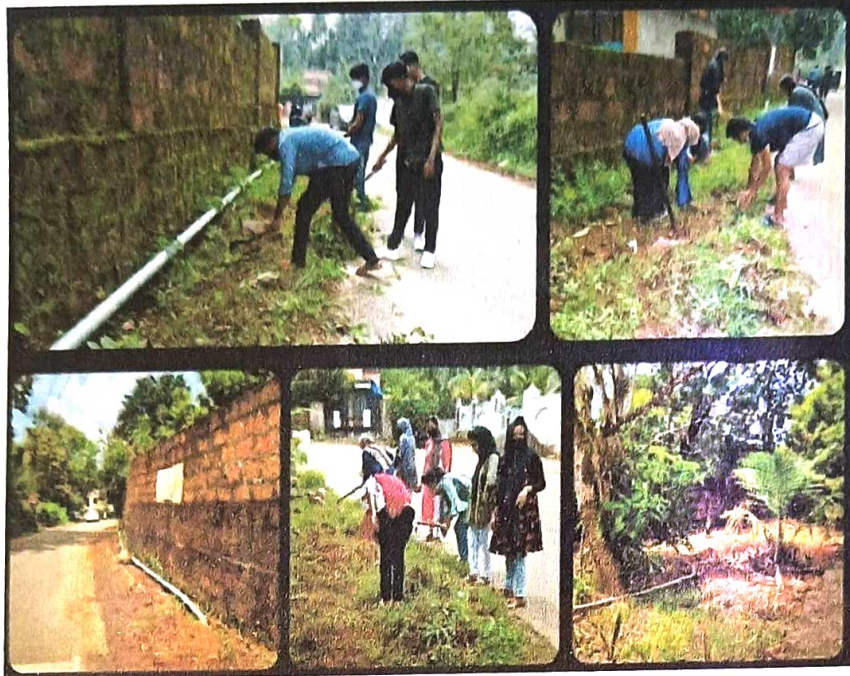

The GEMS NSS volunteers stepped forward, recognizing the need to prepare the school for the safe return of students and staff. Their efforts went beyond merely cleaning physical spaces; they symbolized a collective dedication to fostering a conducive atmosphere for learning and growth. As part of the Clean India initiative, the volunteers worked tirelessly to sweep, mop, and sanitize classrooms, corridors, and the school's surroundings. Their efforts went a long way in ensuring that the school would be ready to welcome students back with open arms. The actions of the GEMS NSS volunteers sent a powerful message of solidarity and support to the school's administration, teachers, students, and their families. Their dedication to service showed that the community was invested in the future of education, and willing to put in the effort to ensure a safe and welcoming space for young learners after a prolonged hiatus. In conclusion, the GEMS NSS volunteers' cleaning efforts at Pathiramanna LP School and its surroundings exemplified their unwavering commitment to community service and education.
