

PER DAY USAGE OF THE LIBRARY BY TEACHERS AND STUDENTS

Gems Library and research centre maintained registers for recording per day usage of the library. An attendance register helps libraries track the number of visitors who use the library on a daily or periodic basis. This information can be valuable for assessing the library's popularity and determining peak usage times. Maintaining an attendance register can contribute to the security of the library. By recording who enters and exits the library, it becomes easier to identify any unauthorized individuals or potential security issues. Even though registers were maintained systematically per day usage were taken electronically by October 2022. . In-Out Register Kiosk has been installed with Embase software is employed to mark the library usage by scanning the ID cards of the users

Working day 1 :17/10/2022(80 Students +19 staffs=99 users)
