TEACHERS FEEDBACK ANALYSIS REPORT (2019-20)

INTRODUCTION

Introducing a feedback mechanism is essential for fostering an environment of open communication and continuous improvement. It serves as a valuable channel for gathering insights, opinions, and constructive criticism. By implementing a feedback mechanism, we aim to create a platform where all voices are heard and valued. This mechanism not only provides an opportunity for individuals to express their thoughts but also enables us to identify areas of strength and areas that require attention. Emphasizing the importance of feedback encourages a culture of transparency, collaboration, and growth within our community, ultimately contributing to our collective success and development.

Building a culture of collaboration among educators is crucial. The feedback emphasizes the importance of facilitating peer learning and mentorship opportunities, fostering an environment where teachers can share best practices, offer support, and collectively enhance their teaching abilities.

The feedback collected from teachers plays a pivotal role in shaping our educational environment. It serves as a compass, guiding us toward improvements and innovations that enhance the teaching-learning experience. The input provided by our educators highlights both their dedication and areas where support or development might be beneficial.

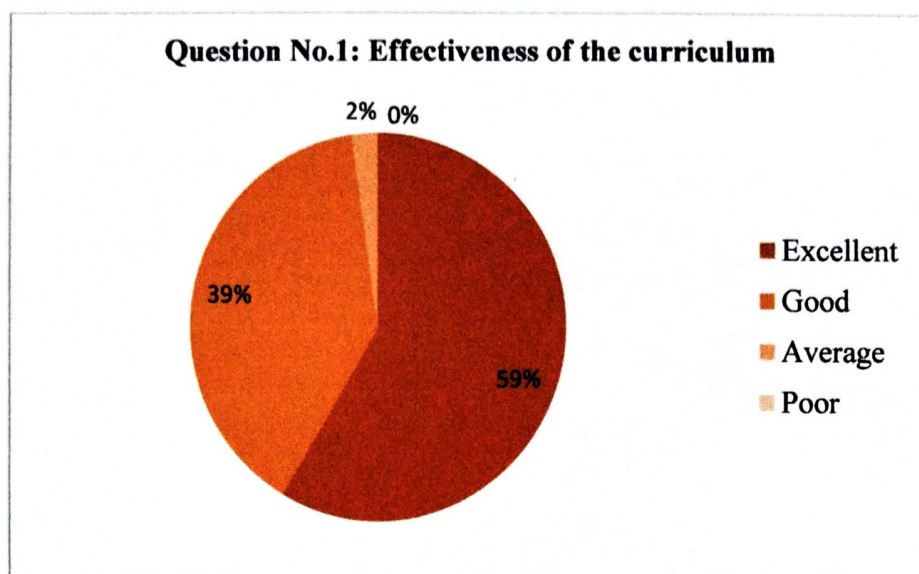

TEACHERS FEEDBACK DATA ANALYSIS 2019-20

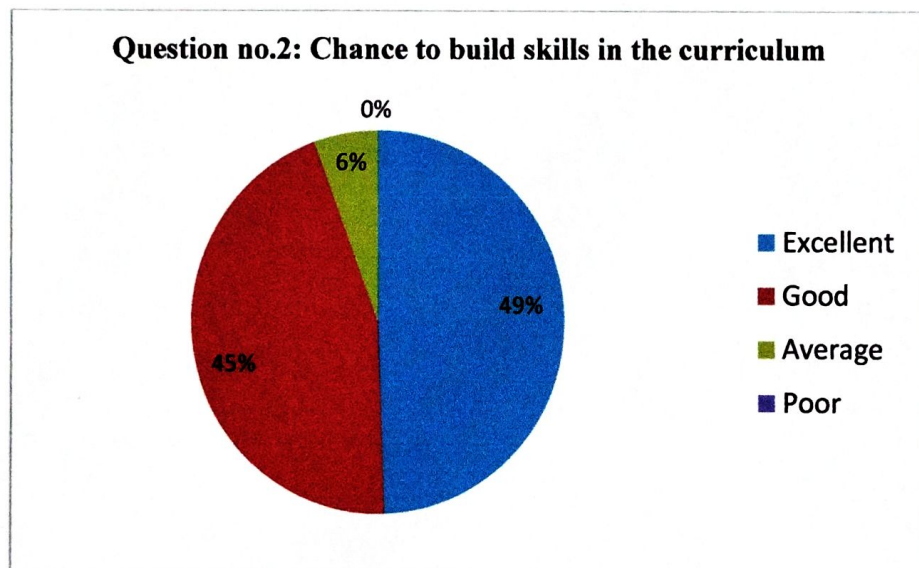

Summary of Teachers Feedback Analysis 2019-20					
Sl.No.	Parameters	Responses in %			
		Excellent	Good	Average	Poor
1	Effectiveness of the curriculum.	59	39	2	0

8	Any other suggestions				

The Following graphical representations show the Teachers Feedback Analysis

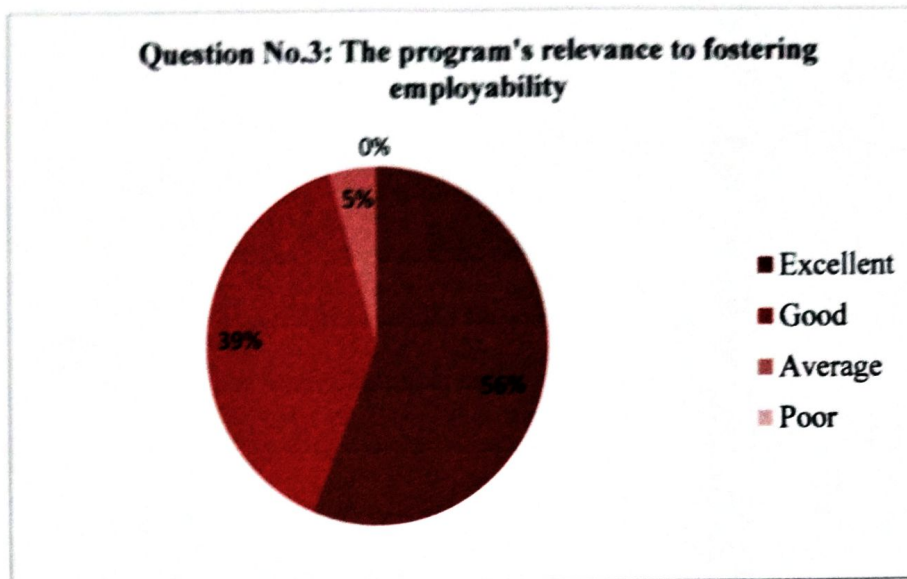

This pie chart shows the response from the teacher's feedback analysis about the question of "Effectiveness of the curriculum". 59% of teachers agreed Excellent on the effectiveness of the curriculum, 39% agreed with Good and 2% agreed with Average.

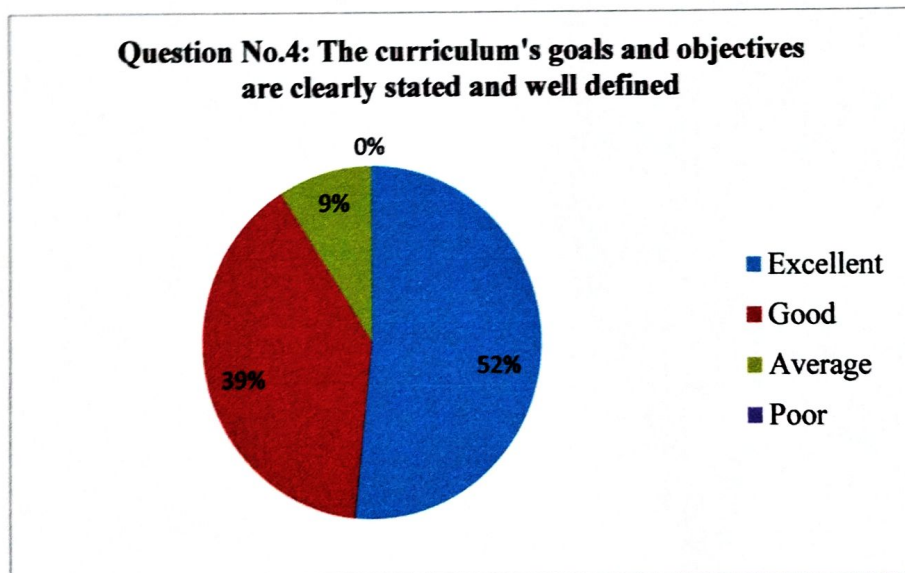

The response to the teacher's feedback analysis regarding the question "Chance to build skills in the curriculum" is displayed in this pie chart. 49% of educators rated the curriculum's Possibility of curriculum-based skill development as Excellent, 45% rated it as Good while 6% rated it as Average.

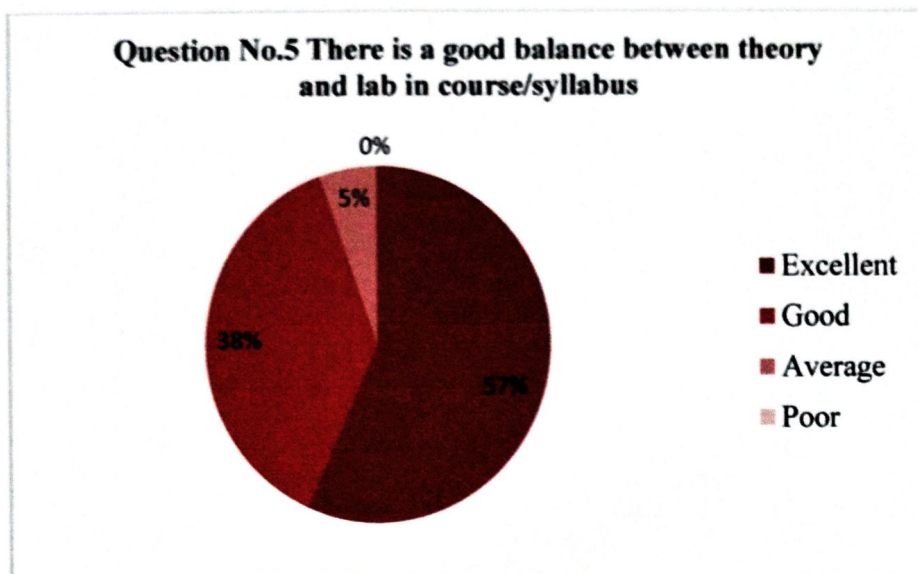

The response from the teacher feedback analysis for the query, 'The program's relevance to fostering employability', is displayed in this pie chart. 56% of educators rated the importance of the program in promoting employability as Excellent, 39% as Good while 5% rated it as average.

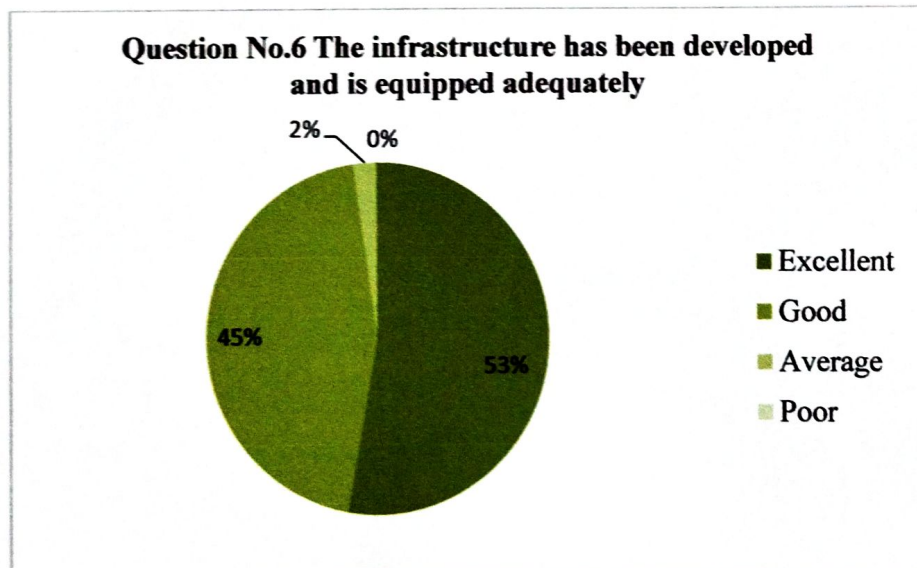

This pie chart shows the instructors' analysis of the response to the question, "The curriculum's goals and objectives are clearly stated and well-defined". The question is rated as Excellent by 52% of educators, as Good by 39% of teachers and as average by 9%.

In response to the question, "There is a good balance between theory and lab in course/syllabus," the teacher's analysis of the input is shown in this pie chart. 57% of the teachers marked the question as Excellent, 38% as Good and 5% as Average.

The response to the teacher feedback analysis about the question "The infrastructure has been developed and is equipped adequately" is displayed in this pie chart. 53% of educators said that the infrastructure is well-built and equipped as excellent, 45% as Good while 2% said it is only average.

Question No.7: Your knowledge and perspective on the subject have grown as a result of the subject's syllabus

The answer to the question, "Your knowledge and perspective on the subject have grown as a result of the subject's syllabus," is displayed in this pie chart based on the teacher's feedback analysis. The course's syllabus has broadened our understanding and perspective on the subject, according to 63% of teachers who rated it as Excellent. 33% of teachers rated it as Good and only 4% rated it as Average.

CONCLUSIONS

The conclusions drawn from the feedback system underscore the importance of continuous professional development for educators. It highlights the necessity for teachers to engage in learning opportunities to refine their teaching practices and stay updated with best practices.

RECOMMENDATIONS

Based on the feedback received, teachers are highly recommended to engage in professional development seminars, workshops, or courses to enhance skills related to identified areas of improvement.
