# BLOOD DONATION CAMP- GEMS NSS UNIT

DATE: 30.03.2022

## PROGRAMME REPORT

Blood donation is a noble and life-saving act that can bring a person back from the brink of death. On March 30, 2022, the GEMS NSS unit organized a Blood Donation Camp in collaboration with the Blood Bank of Manjeri Medical College. This event provided an opportunity for students and teachers to contribute to a noble cause by donating blood to save lives. The Blood Donation Camp was conducted in collaboration with the Blood Bank of Manjeri Medical College, ensuring that all donations met the necessary medical standards. A total of 120 members, including students and teachers, were registered to participate in the blood donation program. This demonstrated a strong commitment to the cause. A remarkable 108 units of blood were collected during the camp, highlighting the success and effectiveness of the event. The event was inaugurated by Dr. Naveen Mohan, the Principal of GEMS College, who likely delivered an inspiring message emphasizing the importance of blood donation. At the conclusion of the event, each blood donor received a card and certificate as tokens of appreciation. The doctors, medical staff, and NSS program officer thanked all the students for their valuable contributions. The Blood Donation Camp played a significant role in promoting a noble cause – saving lives through voluntary blood donation. Donating blood is a selfless act that can make a crucial difference in the lives of individuals in need of blood transfusions. Recognizing and appreciating the donors with cards and certificates not only serves as a gesture of gratitude but also empowers individuals to continue participating in such life-saving initiatives.

# INTERNATIONAL WOMEN'S DAY: DRAWING COMPETITION- PG DEPARTMENT OF MICROBIOLOGY

DATE: 08.03.2022

## PROGRAMME REPORT

International Women's Day is celebrated globally on March 8th each year to recognize and honor the social, economic, cultural, and political achievements of women. On this occasion, a drawing competition was organized by PG Department of Microbiology for students to promote gender equality, empower young artists, and encourage their creative expression.

The drawing competition was conducted to provide students with a platform to showcase their artistic skills and express their thoughts on gender equality and women's empowerment. Students from various schools participated in the competition, showcasing their talent and creativity through their artwork.

The theme of the drawing competition revolved around gender equality and women's empowerment. The students were encouraged to depict through their artwork the importance of equal rights, opportunities, and respect for women in society. They were encouraged to highlight the achievements of women in various fields, break stereotypes, and emphasize the need for a more inclusive and equitable society.

The drawing competition organized on International Women's Day provided students with a platform to express their thoughts and creativity regarding gender equality and women's empowerment. Through their artwork, the students conveyed powerful messages, promoting awareness and understanding of the importance of gender equality. This initiative not only encouraged artistic skills but also fostered a sense of empowerment among the participants and those who viewed their artwork. The drawing competition served as a positive and inspiring way to celebrate International Women's Day and contributed to the ongoing efforts to create a more inclusive and equal society for all.

**DATE: 08.03.2022**

## **PROGRAMME REPORT**

March 8th is celebrated globally as International Women's Day, a day dedicated to acknowledging and celebrating the social, economic, cultural, and political achievements of women. On this occasion, the GEMS NSS unit organized a webinar on the topic "Women Security and Laws" to address the importance of women's rights and security. The event aimed to raise awareness about legal aspects related to women's safety and security. The central theme of the webinar was "Women Security and Laws," focusing on women's rights and the legal framework that safeguards their security and well-being. The session commenced with an inauguration by Prof. Mohammed Ashraf, Vice Principal of GEMS College. His opening remarks likely highlighted the significance of the event. The webinar was led by Ms. Thamjitha, who likely served as the key speaker and guide for the session. Her expertise and insights were invaluable in delivering the content effectively. The entire program was conducted through an online platform, Google Meet. This choice of venue allowed for widespread participation, ensuring that a broader audience could engage in the discussion.

# A TALK ON WOMEN WRITERS AND THEIR WORKS – PG DEPARTMENT OF ENGLISH LANGUAGE AND LITERATURE

DATE: 08.03.2022

## PROGRAMME REPORT

The PG Department of English Language and Literature organised a talk on 'Women Writers and their Works - A discussion' on 8th March 2022, to celebrate Women's Day. The session was held in Room 807 for BA, MA English students. Sruthi B Nair, Assistant Professor, PG Department of English Language and Literature, prompted the students to contribute their views and ideas on the topic. The students shared thoughts on each of their favourite women writers and works. The session aimed to recognise and promote the contributions of women authors throughout history, ensuring their voices are heard. In addition, the department's MA class comprises the majority of girl students, which helped to bring about gender equity in the classroom. The students felt comfortable expressing themselves without fear of discrimination or harassment. The session was brought to a conclusion with the vote of thanks by one of the participants.

# DEBATE COMPETITION: INTERNATIONAL WOMEN'S DAY CELEBRATION GEMS WOMEN DEVELOPMENT CELL

**DATE: 03.03.2022**

## PROGRAMME REPORT

In commemoration of International Women's Day and as part of its ongoing efforts to promote awareness and dialogue on pertinent women's issues, Women Development Cell, Gems Arts and Science College, Ramapuram in association with IQAC, Kerala State Women and Child Development Department and Integrated Child Development Services (ICDS) Mankada was conducted a Debate Competition on The Topic "DOWRY SYSTEM WILL BE ABOLISHED". The event took place on March 3, 2022, 10.30 am, at the college's Rooftop Auditorium. The competition aimed to engage students in a thoughtful discourse about the dowry system, a social problem affecting women globally.

The formal session was inaugurated by Dr. Naveen Mohan (College Principal), highlighting the significance of the debate topic and the importance of eliminating the dowry system. The welcome speech was delivered by Mrs. Sruthi B Nair, Assistant Professor. PG Department of English, Presidential Address was delivered by Jayasree K G (College WDC Coordinator) and the Activist Jaya Thekkoott moderated this session. One team was selected for the District level competition. From district level competition GEMS College Team was Selected to State level competition which is done on march 8, International women's day, at Trivandrum

# CANCER DAY OBSERVATION- GEMS NSS UNIT

DATE: 04.02.2022

## PROGRAMME REPORT

World Cancer Day is observed every year on February 4th, with the primary objective of raising awareness about cancer and promoting efforts to reduce the number of cancer patients and the death rate associated with this disease. On February 4, 2022, the GEMS NSS unit conducted an awareness program on the college campus to mark World Cancer Day. The program aimed to educate and inform individuals about the causes and precautions related to cancer. The core component of the event was an awareness program. Charts and placards were prominently displayed on the college campus, each containing messages related to the causes and precautions of cancer. This visual representation aimed to capture the attention of students and staff and impart important information about the disease. The charts and placards carried educational messages on a wide range of topics related to cancer, including its causes, risk factors, prevention, early detection, and available treatment options. The information was presented in a clear and accessible manner, ensuring that it reached a broad audience. The program encouraged the active participation of students and staff, fostering a sense of community engagement in addressing this crucial health issue. It underscored the importance of collective efforts in spreading awareness and promoting cancer prevention. World Cancer Day serves as a global platform to raise awareness about cancer and encourage governments, organizations, and individuals to take action to prevent and control the disease. The GEMS NSS unit's initiative played a part in this larger global effort by promoting awareness and education about cancer within the college community.

# **DOLL'S HOUSE: FILM PRESENTATION- PG DEPARTMENT OF ENGLISH LANGUAGE AND LITERATURE**

**DATE: 24.01.2022**

## **PROGRAMME REPORT**

The PG Department of English Language and Literature arranged a Film Presentation of "A Doll's House" on 24th January 2022 at Room 801 at 1:30 pm. The screening of the movie was organised and conducted by Ebin Thomas, Assistant Professor, PG Department of English Language and Literature. "A Doll's House," written by Henrik Ibsen, is a timeless masterpiece that explores the complexities of 19th-century society and the role of women in it. The film presentation made it easier for the students to understand and analyse the same prescribed for studies. A feedback and understanding of the movie in connection with the novel was delivered by the students by the end of the screening. The event concluded with a token of gratitude delivered by Anand C, Assistant Professor and Head, PG Department of English Language and Literature.

**DATE: 10.12.2021**

**PROGRAMME REPORT**

The Department of Multimedia at Gems Arts and Science College organized a film screening in honor of World Human Rights Day on December 10, 2021. Then film GREEN BOOK was a heart-warming and powerful film about friendship and race, with exceptional performances by Viggo Mortensen and Mahershala Ali. The event was held at the Multimedia Lab at 1:30pm, and was attended by 51 students from the department. The event was a great success, and the students found it to be informative and thought-provoking. Overall, the film screening was a wonderful way to raise awareness about human rights issues and to encourage students to think critically about these important topics.

# STOP AIDS, KEEP HEALTHY- WORLD AIDS DAY OBSERVATION- GEMS NSS UNIT

DATE: 01.12.2021

## PROGRAMME REPORT

World AIDS Day is observed on December 1st each year to raise awareness about HIV (Human Immunodeficiency Virus) and AIDS (Acquired Immunodeficiency Syndrome). It is a day for communities worldwide to unite in the fight against HIV, show support for people living with HIV, and remember those who have died from the disease. On December 1, 2021, the GEMS NSS Unit observed World AIDS Day with the theme "Stop AIDS, Keep Healthy." The event took place in the surroundings of Puzhakattri Grama Panchayath. The World AIDS Day observation was organized in the vicinity of Puzhakattri Grama Panchayath, emphasizing the importance of local community engagement in raising awareness about HIV/AIDS. The program commenced with a welcome speech by Mr. Junaid V, NSS Programme Officer, setting the tone for the day's activities. Smt. Ummukulsu, President of Puzhakattri Panchayath, inaugurated the program. Her presence signified the support of the local administration in raising awareness about HIV/AIDS. Dr. Dileep, from the Primary Health Centre in Puzhakattiri, delivered an informative lecture to both students and the public. The lecture focused on HIV/AIDS issues, prevention, and the importance of supporting individuals living with HIV. Dr. Dileep also shed light on the discrimination faced by the HIV-affected community and the need to combat it. As a symbol of solidarity and support for people living with HIV and to raise awareness about the disease, volunteers and the public participated by wearing red ribbons, which are the universal symbol of HIV/AIDS awareness.

# FINANCIAL ASSISTANCE FOR MEDICAL TREATMENT: FUND COLLECTION- GEMS NSS UNIT

DATE: 21.11.2021

## PROGRAMME REPORT

On November 21, 2021, the GEMS NSS Unit conducted a fund collection program with the aim of providing financial assistance for the medical treatment of two children from KaruvarakunduPanchayath. These children, Isha and Ivana, were suffering from serious illnesses that required substantial funds for their treatment. The program was initiated to rally support from college students, teaching and non-teaching staff, and the local community to help these children receive the medical care they urgently needed.

The fund collection drive was organized in the premises of KaruvarakundGramapanchayath, emphasizing the local community's involvement in helping these children in need. The central focus of the event was the collection of funds to support the medical treatment of Isha and Ivana. The GEMS NSS Unit mobilized resources and donations from college students, teaching and non-teaching staff, and the wider community. This initiative was driven by a collective sense of responsibility to provide financial assistance for these children's medical care. Through the dedicated efforts of the NSS Unit and the generosity of contributors, a total of Rs. 30,000 was collected. This substantial amount was a testament to the community's willingness to support Isha and Ivana in their time of need. The collected funds were formally handed over to Mr. Gopalakrishnan, Treasurer of the committee formed for fund collection. The committee would oversee the proper allocation and utilization of the funds for the medical treatment of the two children.

# DISCUSSION ON THE BEHALF OF WORLD TELEVISION DAY-DEPARTMENT OF MULTIMEDIA

DATE:22.11.2021

## PROGRAMME REPORT

The Department of Multimedia at Gems Arts and Science College, Ramapuram, organized a discussion forum on the behalf of World Television Day at the rooftop auditorium on 22nd November 2021 at 10:00 am. The forum aimed to promote awareness about the history of television and its significance in the digital era. The forum was well-attended by 52 students of the Department and experts, providing an opportunity to acquire more knowledge about the development of television and its impact in our society.

## CHILDREN'S DAY CELEBRATION - GEMS NSS UNIT

DATE:14.11.2021

### PROGRAMME REPORT

Children's Day is celebrated in India on November 14th to honor the birthday of the country's first Prime Minister, Pandit Jawaharlal Nehru. This day is dedicated to raising awareness about children's rights, education, and their general well-being. On November 14, 2021, the GEMS NSS unit commemorated Children's Day by organizing a celebration for the children in the vicinity of the college. The event included the distribution of colors, crayons, drawing books, and sweets to the children, along with an awareness campaign about COVID-19 precautions. The celebration took place in the surroundings of Puzhakattiri Grama Panchayath, emphasizing the importance of reaching out to and celebrating with children in the local community.

The NSS volunteers distributed colors, crayons, and drawing books to the children. These art supplies are not only a source of joy but also encourage creativity and self-expression. Sweets were distributed to add to the festive spirit of the occasion, bringing smiles to the faces of the children. The volunteers also took the opportunity to educate the children about precautions against COVID-19. This awareness is crucial, given the ongoing pandemic, and helps in keeping the children safe. The celebration of Children's Day served as a reminder of the importance of children's rights and their well-being. It was an occasion to emphasize their role as the future of the nation and the need to provide them with a nurturing and supportive environment. The distribution of art supplies was a way to encourage creativity and artistic expression among the children. Art can be a powerful means of self-expression and personal development.

## SCHOOL CLEANING CAMPAIGN-GEMS NSS UNIT

DATE:31.10.2021

### PROGRAMME REPORT

As schools prepared to reopen following a prolonged lockdown due to the COVID-19 pandemic, ensuring a clean and safe environment for students became a top priority. On October 31, 2021, the GEMS NSS unit conducted a school cleaning campaign at Pathiramanna LP School in Puzhakattiri Grama Panchayath. This initiative aimed to provide a healthy and hygienic learning environment for students and to contribute to the Clean India project.

The cleaning campaign took place at Pathiramanna LP School, situated in Puzhakattiri Grama Panchayath. The choice of this school emphasized the importance of maintaining a clean and conducive setting for education. A total of 47 NSS volunteers, alongside dedicated school teachers, actively participated in the cleaning program. Their collective effort demonstrated a strong commitment to creating a clean and safe space for students to learn and thrive. The cleaning campaign encompassed various areas within the school premises. This included cleaning classrooms, the school compound, and the surrounding areas. The objective was to ensure a holistic improvement in the school's hygiene and sanitation. The program was in alignment with the Clean India project, focusing on the promotion of cleanliness, hygiene, and environmental sustainability. By actively engaging in this campaign, the NSS volunteers and teachers contributed to fostering an environment that supports the well-being and educational progress of students.

## **AUDIO BOOK FOR BLIND STUDENTS:WORLD SIGHT DAY-GEMS NSS UNIT**

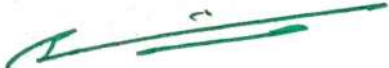

**DATE:14.10.2021**

### **PROGRAMME REPORT**

World Sight Day is observed globally to raise awareness about blindness and vision impairment, emphasizing the need for proper eye care and accessible resources for individuals with visual disabilities. On October 14, 2021, the GEMS NSS unit marked World Sight Day with a special project called "Insight." The objective of this project was to create an audio book that would be of great assistance to students and individuals living with blindness. The event took place in Arecode, Malappuram, with the aim of benefiting the local community and raising awareness about the challenges faced by visually impaired individuals. The heart of the program was the creation of the "INSIGHT" audio book. This audio book was carefully prepared to provide essential educational content and information in a format accessible to those with visual impairments. It aimed to bridge the gap and ensure that visually impaired individuals have access to the knowledge and resources they need. Upon the completion of the "INSIGHT" audio book, it was formally handed over to Hameed Master, the administrator of an orphanage in Arecode. The orphanage is likely to serve as a resource center and a distribution point for the audio book, making it available to those who can benefit from it.

"Insight" serves as an empowering tool for students and individuals living with blindness. It provides them with the opportunity to access educational content, literature, and information, enabling them to pursue their educational and personal goals effectively.

**'HOW TO ACHIEVE GENDER EQUITY': INTERACTIVE SESSION-PG  
DEPARTMENT OF MICROBIOLOGY**

**DATE:12.10.2021**

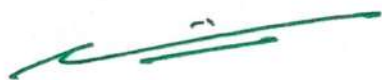

**PROGRAMME REPORT**

On October 12, 2021, an engaging and informative interactive session titled 'How to Achieve Gender Equity' was conducted by the PG Department of Microbiology. The session took place at room no. 408 at 2:30 pm, with Ms. Smith Pramod, a respected Librarian and Counselor from GEMS Arts and Science College, serving as the resource person.

Ms. Smith Pramod's expertise and experience in the field of gender equity made her the perfect choice to lead this session. She discussed the importance of gender equity in today's society and shared valuable insights on how to achieve it. The interactive nature of the session encouraged participants to ask questions and share their thoughts and experiences.

The session touched upon various aspects of gender equity, including challenges faced by women in different spheres of life and strategies to overcome them. Ms. Smith Pramod's guidance and expertise left a lasting impact on the attendees, inspiring them to work towards a more equitable and inclusive society. The event was a significant step towards raising awareness and fostering discussions on this crucial topic.

# GANDHI JAYANTHI OBSERVATION-GEMS NSS UNIT

DATE:02.10.2021

## PROGRAMMRE REPORT

On October 2, 2021, the GEMS College NSS unit observed Gandhi Jayanti, the birth anniversary of Mahatma Gandhi, a revered figure in India's struggle for independence and an advocate of non-violence and cleanliness. In association with this observance, the NSS unit conducted a campus cleaning program under the banner of "Green Campus Clean Campus." This initiative aimed to promote cleanliness, environmental awareness, and the principles espoused by Mahatma Gandhi. A total of 85 NSS volunteers participated in the program. The heart of the program was the cleaning of the college campus. NSS volunteers enthusiastically collected plastic waste and other litter, thoroughly cleaning the grounds. This act was not only symbolic of Gandhi's commitment to cleanliness but also a practical step toward maintaining a clean and healthy environment. Following the cleaning activity, the volunteers went a step further by establishing a garden on the campus. This green space creation represented a commitment to sustainability and an effort to make the college campus more environmentally friendly. Planting trees and creating a garden aligns with Gandhi's philosophy of simple living and harmonious coexistence with nature. The program served as an opportunity to raise awareness about environmental issues and the importance of responsible waste disposal. The cleaning and green initiative aimed to encourage students and the community to be more conscientious about their surroundings and to contribute to a cleaner and greener environment.

The program was a fitting tribute to Mahatma Gandhi, who championed cleanliness, simplicity, and non-violence as essential components of a peaceful and just society. By practicing these values, the NSS volunteers honored his memory and contributed to the promotion of a healthier and more sustainable future.

## WORLD ALZHEIMER'S DAY OBSERVATION-NSS GEMS UNIT

DATE: 21.09.2021

### PROGRAMME REPORT

World Alzheimer's Day, celebrated annually on September 21st, is a global initiative aimed at raising awareness about Alzheimer's disease and other forms of dementia. In the year 2021, due to the ongoing COVID-19 pandemic, the observance primarily took place online. The GEMS NSS Unit seized this opportunity to contribute to the cause by collecting video messages from several teachers and creating an informative video clip. The goal was to educate students about the nature and gravity of Alzheimer's disease and to emphasize how individuals can support those living with dementia. Given the continued challenges posed by the pandemic, the event was conducted online. This virtual approach enabled widespread participation, ensuring the safety and engagement of a diverse audience. It also showcased the potential of technology in advancing awareness campaigns. Seven teachers actively contributed to the initiative. Their involvement was instrumental in creating a comprehensive and impactful video message that could effectively convey the nuances of Alzheimer's disease to the student audience. The core objective of this program was to raise awareness about Alzheimer's disease and dementia among students. The video messages from the teachers provided valuable insights into the causes and consequences of Alzheimer's. They emphasized the significance of empathy, understanding, and support for individuals living with dementia.

World Alzheimer's Day is not only about awareness but also about demonstrating how we can address the challenges associated with Alzheimer's and promote the well-being of individuals living with dementia. The program aimed to encourage students to be compassionate and proactive in supporting those affected by the disease.

**DATE:17.07.2021**

**PROGRAMME REPORT**

The International Day for Justice is celebrated annually on July 17th to raise awareness about the importance of justice, human rights, and the rule of law worldwide. On this occasion, a group of microbiology students released a video on social media in the Name ADWAITHA, specifically on Instagram, to highlight the significance of education for girls, the issues of child marriage, and dowry.

The Microbiology students created and shared a video on Instagram, which served as a platform to reach a wide audience. The video aimed to educate viewers about the challenges faced by girls in accessing education, the harmful effects of child marriage, and the negative impact of dowry in society. The students utilized a creative approach to deliver their message effectively and engage viewers. The video emphasized the critical role of education in empowering girls and promoting gender equality. It highlighted the various benefits that education brings, such as improved livelihood opportunities, enhanced decision-making skills, and increased awareness of their rights and responsibilities. The students shared personal stories and statistics to underscore the significance of providing equal educational opportunities to girls.

The students shed light on the issue of child marriage, a practice that deprives young girls of their childhood, education, and fundamental rights. They discussed the adverse consequences of child marriage, including health risks, limited life choices, and increased vulnerability to abuse. The video aimed to raise awareness about the importance of eradicating this harmful practice and ensuring the protection of children's rights. Another crucial topic addressed in the video was dowry, a custom that continues to affect many societies, leading to financial burdens, gender inequalities, and even violence against women. The students emphasized the need to challenge and eliminate this practice, promoting a society where individuals are valued for their abilities and character, rather than material possessions.

# DEBATE COMPETITION ON GENDER EQUITY-PG DEPARTMENT OF BIOTECHNOLOGY

DATE:15.07.2021

## PROGRATAMME REPORT

On the occasion of international youth skill day, a spirited debate competition was held on July 15, 2021, to discuss the future of gender equity and the advancements women have made in modern society. the event aimed to provide a platform for young individuals to express their opinions, exchange ideas, and raise awareness about the importance of gender equality. the competition witnessed passionate debaters engaging in a thought-provoking discourse on this crucial topic.

The debate took place in a well-organized auditorium at [venue]. the event was attended by a diverse audience, including students, educators, professionals, and community members interested in the subject of gender equity. the participants were selected through a rigorous screening process, ensuring a fair representation of different perspectives.

The topic for the debate was "the future of gender equity: women's advancements in modern society." this thought-provoking subject allowed participants to explore the current state of gender equity and deliberate on the potential advancements for women in the future. participants were encouraged to present evidence-based arguments, backed by research and personal experiences.

The debate showcased the eloquence and intellectual prowess of the participants. each participant demonstrated a deep understanding of the complexities surrounding gender equity and the various challenges women face in modern society. they presented compelling arguments, exploring topics such as equal opportunities in education and employment, gender stereotypes, leadership roles, and societal norms.

# CHARITY FUND COLLECTION -COLLEGE STUDENTS UNION

DATE:07.07.2021

## PROGRAMME REPORT

On July 7, 2021, the College Union organized a charitable event in various town areas with the noble objective of collecting funds to support Imran Muhammad, a young individual battling Spinal Muscular Atrophy (SMA). This initiative aimed to alleviate the financial burden on Imran's family and provide assistance for his medical treatment and care. The charity fund collection event was organized in several strategic locations within town areas, ensuring maximum visibility and participation. College Union members, along with volunteers, actively engaged with the local community to raise awareness about Imran's condition and solicit donations. Imran Muhammad is a young boy diagnosed with SMA, a rare genetic disorder that affects the muscles' strength and movement. His medical expenses for treatments and specialized care were substantial, prompting the College Union to step in and support his family during this challenging time. The event received an overwhelming response from the generous residents of the town areas. The College Union extended heartfelt thanks to the residents of the town areas for their remarkable generosity and willingness to make a difference in Imran Muhammad's life. Their contributions will significantly aid Imran's ongoing medical treatment and provide him with the necessary care and support. The charity fund collection event conducted by the College Union on July 7, 2021, exemplified the spirit of compassion and community support. It highlighted the power of collective efforts in assisting those in need, such as Imran Muhammad, who is battling SMA. The funds collected will play a crucial role in improving Imran's quality of life and offering hope to his family during this challenging journey. The College Union remains committed to promoting such philanthropic initiatives in the future to make a positive impact on society.

The Awareness Programme on International Drug Abuse and Illicit Trafficking, hosted by the PG Department of English Language and Literature at Gems Arts and Science College, Ramapuram, on June 26, 2021, successfully brought together students, faculty, and experts to address the critical issue of drug abuse and trafficking on a global scale. This report provides a comprehensive overview of the event, its objectives, key activities, and outcomes. This awareness programme provided instructions on educating the Public which included disseminating information about the dangers of drug abuse and the consequences of illicit trafficking. It also emphasized on Substance Abuse by encouraging individuals, especially young people, to make informed decisions and avoid drug experimentation. The programme further threw light on encouraging communities to report suspicious activities related to drug trafficking to local authorities.

# WEBINAR ON POST COVID CHANGES-PG DEPARTMENT OF BIOTECHNOLOGY

DATE:25.06.2021

## PROGRAMME REPORT

The webinar on Post-COVID Changes, presented by Dr. Abdulla Adil, Senior Resident in Critical Care Medicine, took place on June 25, 2021, at 7:00 PM. The webinar aimed to shed light on the long-term effects and transformations observed in healthcare systems, society, and individuals following the COVID-19 pandemic. This report summarizes the key points covered during the webinar. Dr. Adil highlighted the significant strain placed on healthcare systems globally during the COVID-19 pandemic. The surge in cases overwhelmed hospitals, revealing weaknesses in infrastructure and resource management. Consequently, many healthcare facilities have reevaluated their preparedness for future pandemics and have started implementing strategies to enhance capacity and resilience. The pandemic accelerated the adoption of telemedicine and digital healthcare solutions. Dr. Adil emphasized the role of telehealth in facilitating remote consultations, reducing unnecessary hospital visits, and minimizing the risk of disease transmission. The webinar discussed the challenges and benefits of telemedicine, as well as the need for improved regulations and infrastructure to support its widespread implementation. The psychological impact of the pandemic has been substantial. Dr. Adil addressed the increased prevalence of anxiety, depression, and post-traumatic stress disorder (PTSD) among individuals affected by COVID-19. The webinar emphasized the importance of mental health support and the need for healthcare systems to prioritize psychological well-being in post-pandemic recovery plans. Long COVID, also known as post-acute sequelae of SARS-CoV-2 infection (PASC), was a significant topic of discussion during the webinar. Dr. Adil provided insights into the persistent symptoms experienced by some individuals even after recovering from acute COVID-19. The presentation covered the various manifestations of long COVID syndrome, potential underlying mechanisms, and ongoing research efforts to understand and manage this condition. The webinar also addressed the importance of widespread vaccination in controlling the pandemic. Dr. Adil emphasized the need for continued vaccination campaigns to achieve herd immunity and prevent future outbreaks. The presentation touched upon vaccine hesitancy, the efficacy of different vaccines, and the role of healthcare professionals in promoting vaccine confidence among the population.

**YOGA FOR WELLNESS: AWARENESS PROGRAMME ON INTERNATIONAL  
YOGA DAY-PG DEPARTMENT OF ENGLISH LANGUAGE AND LITERATURE**

**DATE: 21.06.2021**

**PROGRAMME REPORT**

The PG Department of English at Gems Arts and Science College, Ramapuram, celebrated International Yoga Day on June 21, 2021 with an awareness program titled "Yoga for Wellness." This event aimed to promote the physical, mental, and spiritual benefits of yoga and encourage a healthy lifestyle among students and faculty.

The heart of the program was a yoga session conducted by a certified yoga instructor. Participants, including students and faculty, gathered in an open area within the college campus to practice yoga asanas and breathing exercises. The session focused on stress relief, flexibility, and overall well-being.

Experienced yoga practitioners from the college showcased various yoga poses and techniques. These demonstrations helped attendees understand the correct way to perform different asanas and emphasized the importance of proper form in yoga practice. The event included a segment on meditation and mindfulness. Participants learned about the significance of mental relaxation and stress reduction through meditation techniques. This aspect of the program aimed to promote mental wellness and reduce anxiety. Faculty members and guest speakers delivered talks on the health benefits of yoga. Topics included improved posture, enhanced immunity, better digestion, and the role of yoga in preventing lifestyle diseases. These informative sessions provided a deeper understanding of the science behind yoga.

The International Yoga Day Awareness Program organized by the PG Department of English at Gems Arts and Science College, Ramapuram, successfully promoted the theme "Yoga for Wellness." It was an enriching experience that highlighted the importance of yoga in maintaining physical and mental well-being.

It is expected that the knowledge gained during this program will inspire continued interest in yoga and contribute to the overall health and wellness of the college community in the future.

# **FOOD SAFETY AWARENESS PROGRAMME -PG DEPARTMENT OF ENGLISH LANGUAGE AND LITERATURE**

**DATE:07.06.2021**

## **PROGRAMME REPORT**

On June 7, 2021, in commemoration of World Food Safety Day, the PG Department of English at Gems Arts and Science College, Ramapuram, conducted an online Food Safety Awareness Program. The program aimed to educate and raise awareness about the importance of food safety in our daily lives. The program was on online mode in Google meet and commenced with an inaugural address by the Head of the PG Department of English, highlighting the significance of World Food Safety Day and the objectives of the awareness program.

The highlight of the event was the presence of Mrs. Ramitha KG, Food Safety Officer (Mankada Circle), who presided over the session as the guest speaker. Her expertise and experience in food safety added immense value to the programme. The programme was conducted online through Google meet presided over by Mrs. Ramitha KG, Food Safety Officer (Mankada Circle) from 3:00- 4:00 pm. Mrs. Ramitha KG delivered an informative presentation covering various aspects of food safety, including the importance of food safety standards and regulations, common foodborne illnesses and their prevention, Safe food handling practices for both consumers and food establishments, emerging trends and challenges in food safety and food Safety Awareness Program.

Following the presentation, an interactive Q&A session was conducted, allowing participants to ask questions and seek clarifications on food safety-related topics. The Food Safety Awareness Program conducted by the PG Department of English at Gems Arts and Science College, Ramapuram, on World Food Safety Day, June 7, 2021, was a successful and informative event. It not only educated participants about the importance of food safety but also empowered them with valuable knowledge on how to ensure the safety of the food they consume. The presence of Mrs. Ramitha KG, a Food Safety Officer, enriched the program and made it an insightful experience for all attendees. Such initiatives contribute to a safer and healthier community, aligning with the global objectives of World Food Safety Day

# **WORLD NO TOBACCO DAY : POSTER MAKING COMPETITION-COLLEGE STUDENTS UNION**

**DATE:01.06.2021**

## **PROGRAMME REPORT**

The Online Poster Making Competition, held on June 1, 2021, was a creative and impactful way to commemorate World No Tobacco Day, observed on May 31. This event, conducted entirely through online platforms, aimed to raise awareness about the harmful effects of tobacco use while encouraging student participation and artistic expression. The poster-making competition served as a powerful medium to convey the dangers of tobacco consumption, with students taking the lead in creating visually compelling and thought-provoking posters. This initiative emphasised the importance of a tobacco-free world and the role of youth in driving positive change. The online poster-making competition was highly successful in achieving its goals. It effectively engaged students in a meaningful way, motivating them to use their artistic talents to advocate for a tobacco-free world. The competition also served as an educational platform, helping participants and viewers understand the harmful consequences of tobacco use. The Online Poster Making Competition held on June 1, 2021, in conjunction with World No Tobacco Day, was a commendable initiative that harnessed the power of art and technology to promote a tobacco-free world. It showcased the creativity and commitment of students to a vital public health cause. This event demonstrated the potential of online platforms to disseminate crucial information and engage the younger generation in addressing global health challenges. It is anticipated that such events will continue to inspire positive change and contribute to a healthier and tobacco-free world.

WORLD NO TOBACCO DAY : POSTER MAKING COMPETITION-COLLEGE STUDENTS UNION

DATE:01.06.2021

The image is a blue-themed poster for a 'POSTER MAKING COMPETITION'. At the top, it says 'POSTER MAKING COMPETITION' in large, bold letters. Below that, it says 'WINNERS' in a smaller, stylized font. There are two columns of winners. The first column is for 'DRAWN POSTER' and features a photograph of a woman, Chinmaya Jyothi, with the caption 'Chinmaya Jyothi (S2 Biotechnology)'. The second column is for 'DIGITAL POSTER' and features a photograph of a woman, Bhagya. P, with the caption 'Bhagya. P (S2 Geology)'. At the bottom of the poster, there is a social media handle: '@msf\_gems'.

**POSTER MAKING COMPETITION**
