

ACTIVITY REPORT
MICROBIOLOGY IN EVERYDAY LIFE
07.03.2023

Dr. Naveen Mohan, the Principal of GEMS Arts and Science College, delivered a seminar on the topic 'Microbiology in everyday life' at Al Jamia Arts and Science College in Perinthalmanna on 07.03.2023. Such seminars can be valuable in promoting the understanding of microbiology and its practical applications in our daily lives. It's also an excellent way to inaugurate the Association of Microbiology Department at Al Jamia Arts and Science College. The students and faculty at the event likely gained valuable insights into the importance of microbiology in various aspects of life, from health to the environment and beyond.
