ABOUT US

GEMS Arts and Science College, accredited with 'A' grade by NAAC, was established in 2008 under the aegis of the GEMS Co-operative Society, renowned for its commitment to quality education. Affiliated with the University of Calicut and recognized by the UGC under Section 2(f) of the UGC Act, 1956, the college offers 17 Undergraduate and 6 Postgraduate programs across diverse disciplines in Arts, Science, and Commerce. The institution places a strong emphasis on academic excellence, personal development, and community service. Equipped with modern facilities, well-furnished classrooms, state-of-the-art laboratories, and an extensive library, the college fosters an environment conducive to both academic and research pursuits. Additionally, students benefit from access to online resources and e-learning platforms, enhancing their overall learning experience. With a distinguished faculty comprising highly qualified and experienced educators, the college nurtures critical thinking, creativity, and innovation. Beyond academics, students are encouraged to participate in a variety of extracurricular activities and engage in community service initiatives, nourishing a sense of social responsibility and holistic growth.

OUR VISION

To become a premier institution known for its excellence in academic, intellectual activities and for its valuable contributions to the students and society.

OUR MISSION

To make GEMS unique in terms of excellence in education and service to society. To impart state-of-the-art knowledge to students and to inculcate in them a high degree of social consciousness and human values and there by enabling them to face the challenges of life with courage and determination.

CHAIRMAN'S MESSAGE

GEMS Co operative society, Ramapuram was formed under Co operative Societies Act with a vision of providing service in the field of education. It is the endeavour of the society to provide value based higher education to the young student generation. To make education more inclusive and accessible to all, institutions based on social commitment should be established. Our college with this vision is founded on the pillars of Access, Equity, Quality, Affordability and Accountability. GEMS is the embodiment of dreams of the people striving for quality higher education. We also bear in mind the national aim of making "India a global knowledge super power" We assure our students' a better future with us.

ACADEMIC DIRECTOR'S MESSAGE

I am very happy to to learn that, the GEMS Arts and Science College is bringing out its prospectus for the new academic year. The way the college is occupying a very important position among the colleges in Kerala, the same way the college is having unique standing in both academic and research fronts. This is because of the excellent management, faculties and the best performances of the students. I have full confidence that in the course of time, and with the sincere commitment and dedication of the faculties and the students, the college will attain high level perfection and excellence and became a model college in the State of Kerala. I convey my best wishes and greetings.

PRINCIPAL'S MESSAGE

Excellence, Enrichment and Exposure are the three words that are the key guiding principles that should go along with education of the day. Education today should provide all these to our students since they are not just citizens of our country but they are to be moulded as global citizens. The development in the fields of science and technology, commerce, literature and humanities demand more advancement of the human resource. We at Gems aim at this, we plan for that since we want to make our students the most acceptable bunch of youngsters in the society. All our activities, programmes and plans are designed accordingly. Let us make it together for a better tomorrow.

FYUGP (FOUR YEAR UNDER GRADUATE PROGRAMME)

The Four-year undergraduate programme curriculum is a structural and methodological departure from the existing curriculum. The existing three-year programme shall remain within the four-year programme with options of lateral entry and single exit. The Four-year UG programme aim at synthesizing degrees, which is now an International standard adopted by all the universities across the world. The traditional system of education focuses on teacher inputs and presumes that learning has occurred. FYUGP is Outcome Based and focus largely on "what the students are capable of doing. The curricular and credit framework of FVUCP under NEP 2020 seeks to ensure the following for the students:

- Flexibility to move from one discipline of study to another.
- Opportunity for learners to choose the courses of their interest in all disciplines
- Facilitating multiple entry and exit options with UG certificate/UG diploma/or Degree/ Degree (Hons) depending upon the number of credits secured.
- Flexibility to switch to alternative modes of learning (offline, ODL, and Online learning, and hybrid modes of learning).
